Brainstorm & Idea Prioritization Template:

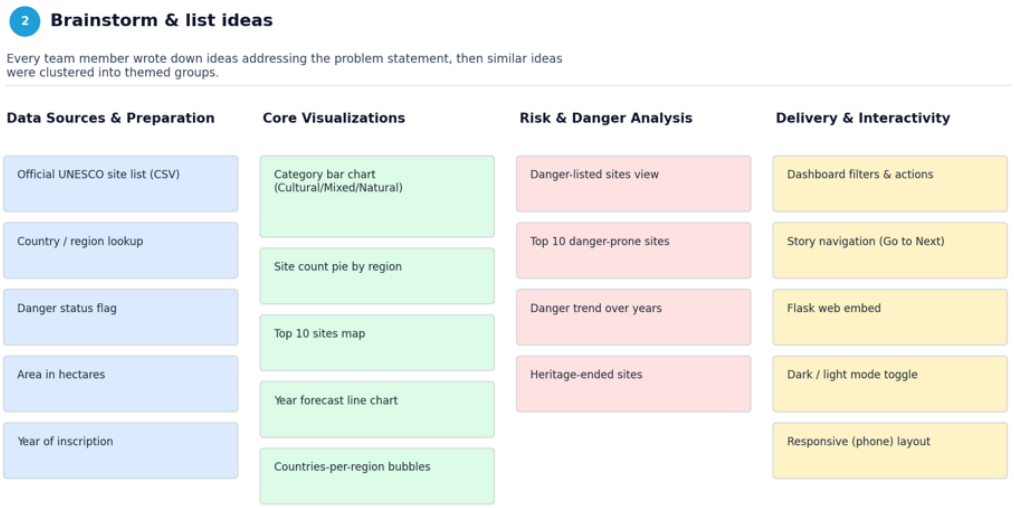

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

This template was used by the team to brainstorm and prioritize ideas for the UNESCO World Heritage Sites Tableau dashboard project, shaping the concept from an initial problem statement through to a prioritized feature list.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Step-2: Brainstorm, Idea Listing and Grouping

Step-3: Idea Prioritization
